WORK EXPERIENCE

SENIOR GRAPHIC DESIGNER Jan 2023 - may 2023
Egypt Public Library in Qena

During my tenure at the Egypt Public Library in Qena, I delivered specialized training courses in Python programming, graphic design, and cybersecurity principles, contributing to the development of the skills of numerous trainees of various age groups. I focused on simplifying technical concepts and integrating practical aspects to ensure maximum benefit for trainees. This experience enhanced my skills in communication, technical education, and training.

EXTERNAL MARKETING MANAGER May 2023 - Dec 2024
ICOANET

During my time at Iconet Software, I was responsible for creating and developing websites using WordPress, along with implementing custom programming tailored to clients' needs, helping deliver high-quality, customized digital solutions. I also participated in user interface design and visual elements to ensure a superior user experience and a professional appearance for the websites. This experience enhanced my skills in web development, technical project

WEB DEVELOPER & GRAPHIC DESIGNER Nov 2022 - Oct 2023
Qubetix

I worked at Qubetix as a graphic designer and web developer, combining visual creativity with technical skills to deliver integrated solutions that meet clients' needs. I designed visual identities, user interfaces, and visual marketing content that reflected the brands' professionalism, in addition to developing dynamic and responsive websites using modern technologies, which contributed to improving the user experience and raising the quality of the company's digital products. This experience enhanced my ability to work across design and development, understand the needs
